Experience! Evening of Japanese Culture - Enjoy Listening to *Gagaku*, and Wearing *Kariginu* -

The aim of this event is to listen to a performance of *gagaku*, and wear *kariginu*. This is a chance to discover traditional culture not normally in everyday life even in Japan; why don't you try experiencing this slightly special side of Japan?

Gagaku

Gagaku is a form of traditional music developed in Japan, and was registered as UNESCO Intangible Cultural Heritage in 2009. It could even be said that *gagaku* is music that represents Japan. It was performed during rituals in official places such as the Imperial Court, and shrines and temples.

Kariginu

Kariginu is traditional Japanese clothing. This served as the casual clothing of the nobility, but was eventually worn by high-ranking warriors and *Shinto* priests. Unlike *yukata* and other common Japanese-style clothing, *kariginu* are only seen in limited settings, such as when they are worn by *Shinto* priests at shrines.
